# ADMINISTRATION

The doors of the new school addition opened on August 29, 1967, to welcome M-F-L's students. The new addition was anticipated not only by the teachers and students, but by the men behind it all, the school board.

In the course of their three year terms, the school board members attend

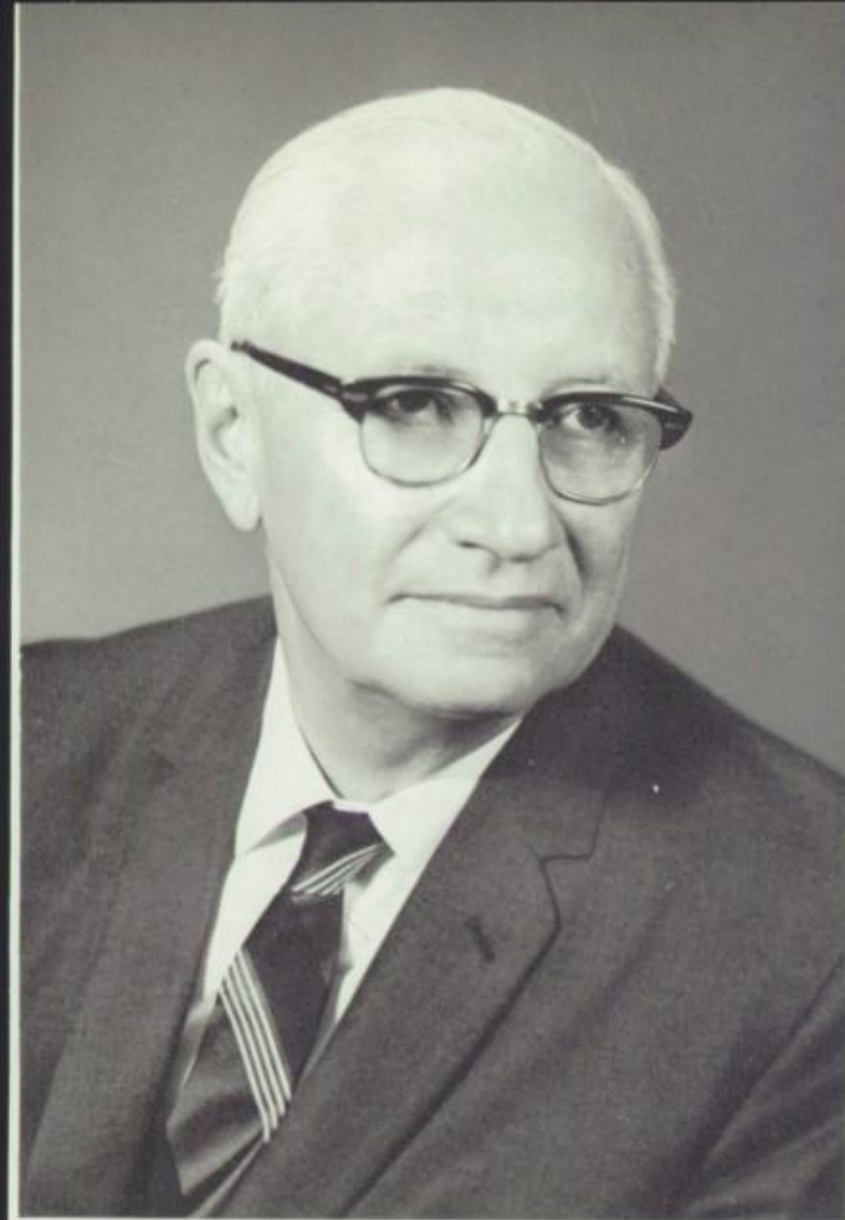

at least one meeting every month and any special ones that may be called. Their time and talents are devoted, without pay, to making the school and the community a better place to live and learn. Providing an adequate education for young people is a big responsibility, and these men step forward to accept it.

The key figures in the running of the school are the administration. They define and enforce the school policies by keeping attendance, supervising conduct of the students, and helping the students with their academic and personal problems.

The administration has taken measures to close the gap between high school and college life by installing an honor-study program. A student can decide for himself whether or not he needs a supervisor for his studying.

In March of 1967, the student council and a few faculty members chose cheerleaders for the 1967 and 1968 school year.

When school began the following fall, regular practice sessions took place twice a week with extra practice after school in order to be ready for the first game of the season.

The rest of the year was spent planning pep rallies, making posters, and doing what they could to make our teams successful.

# THIRTY PARTICIPATE IN '68

Softball is a sport which requires a lot of practice. It begins in the summer and continues into fall. There are two teams, varsity and junior varsity, with ten players on each team. Since more girls were on the squad than were needed for the teams, not all got to play, but all were needed.

It is an activity which takes time out of their regular schedule, but the result of their training and experience pays dividends in sportsmanship and skill.

# OUR TOWN

by Thornton Wilder

"Our Town" depicts the life of a New Hampshire village. As the Stage Manager in the drama says: "This is the way we were in our growing up and in our marrying and in our doctoring and in our living and in our dying."

The play begins in 1901 in Grover's Corners where the Gibbs and the Webbs are neighbors.

During their childhood, George Gibbs and Emily Webb are playmates, and their lives are woven together as neighbors' lives are likely to be. As they grow older, they pass from this period into a state of romantic but embarrassed interest in each other.

One day George proposes to Emily in the drug store over an ice cream soda, which he discovers he hasn't the money to pay for; but their happiness is short-lived, for Emily is taken in death and placed in the village cemetery on a rainy, dreary day.

In the most vitally moving scene in the modern theatre is shown the peace and quiet of death which can never be understood by the living.

The Letterettes and the Lettermen's Club are the two groups whose main purposes are to promote athletics, to provide closer relationships between varsity athletes in all sports, and to strive for high ideals, by setting a good

example for our community's youth.

Their social activities included a dance in the fall sponsored by the Letterettes and a dance in the spring sponsored by the Lettermen.

The Student Council was kept busy planning Homecoming activities as the school year opened. Instead of exchanging gifts at Christmas, the Council asked students to give the money toward the support of an orphan. Now, the members are involved in revising the present dress code in the high school.

FTA members met once a month to discuss teaching methods, watch films and hear speakers and panels. They traveled to Des Moines to the state convention in March, where Doug Whittle was elected to the office of state parliamentarian.

# SCHOLARS WE COMMEMORATE IN '68

National Honor Society Members are elected by a strict procedure. First, a student must qualify scholastically by maintaining a 3.00 grade point average for seniors and a 3.20 average for juniors. They receive points for scholarship as follows: 8 points for 3.80-4.00, 7 points for 3.50-3.79, 6 points for 3.20-3.49, and 5 points for 3.00-3.19.

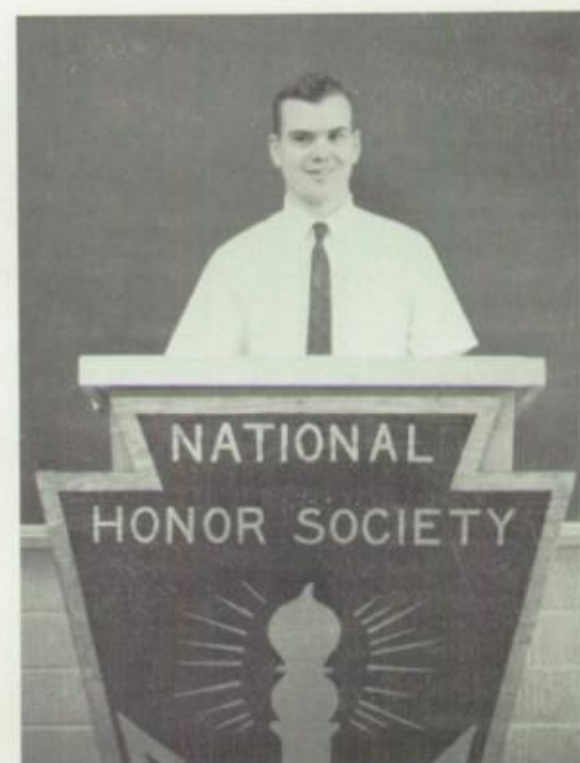

Then faculty members who have had these students in class or in an activity, rate the students from 1-6 on service, leadership, and character. Only those seniors who receive at least an average of 20 points total and those juniors who receive an average of at least 22 points total become members of the National Honor Society.

Induction for new members was held March 20, 1968.
